IOM SOUTH SUDAN CORE PIPELINE · SNFI AND WASH

Last Mile Heroes

Player guide and answer key

How to play, how to pass every mission, and all the right answers, with the source for each.

1 **Get on the Pipeline** Eligibility and onboarding

2 **Needs Check** Needs assessment

3 **Request Builder** Request and endorsement

4 **Warehouse Pickup** Collection

5 **Road to the Site** Transport and loss reporting

6 **Distribution Day** Distribution standards

7 **Report Back** Reporting, PDM and compliance

Game version 1.0 · For facilitators and players · Training record, not a certification.

How the game works

Start

1. Open **index.html**. Type your name, organisation and state, and choose your track: **SNFI** or **WASH**.
2. Settings: **Graphics** Low is smoother on phones. **Relaxed pace** gives 1.6× more time in the timed parts. Sound on or off.
3. Tap **Start the journey**. Missions open one after the other on the map. A finished mission can be replayed at any time.

Controls

- Tap or click everything: people, documents, buttons, stations.
- Walk: tap the ground, or use the arrow keys or WASD.
- Pause: the pause button or Escape. The pause menu has sound, restart and back to the map.

Lives, points and stars

- **3 lives** per mission. A wrong move costs a life and shows a short explanation with its source. Small slips (the wrong desk, a carton that is fine) cost no life. Out of lives: try the mission again.
- **Points:** 100 per right move, plus up to 100 extra for a streak of right moves in a row.
- **Stars** come from the share of right moves: 1 star from 50%, 2 from 75%, 3 from 92%.

Critical rules

Breaking one of the 8 critical rules **stops the mission at once**, with a short scene and the rule. It is not a failure: read the rule and play again. They are listed on the next page.

Badges and rewards

Site Boss	Ran a full distribution day.
Flawless	Finished a mission without losing a life.
Hot Streak	Eight right moves in a row.
Rule Keeper	Every attempt so far without breaking a critical rule.
Last Mile Hero	Finished every mission.
Teal truck	Unlocked: from the start
Sunset truck	Unlocked: finish Mission 6
Compound flag	Unlocked: 3 stars on Mission 6

Your results

On the map, **My report** shows your score, stars per mission, topics to review and badges. After all 7 missions: the **completion card** (print or save as PDF) and **Download results (CSV)** to send to the CP team.

The 8 critical rules: never break them

Each one stops the mission at once. Wrong options that break a rule are marked like this: R1.

R1	**Distribution is free.** No fee, cost or contribution from anyone: not from IOM, not from beneficiaries, not from any third party.	SOP §1, §7.2; AG Art. 5
R2	**No request before onboarding.** CP access starts only after onboarding is complete: DDA, cluster validation and a signed agreement.	SOP §4.2, §4.2.2; A1 Step 1
R3	**Report loss within 24 hours.** Any loss, damage, theft or diversion goes to the CP team and the cluster within 24 hours of becoming aware, on the Loss and Damage form.	SOP §4.6.2, §4.2.3
R4	**PSEA: report immediately.** Allegations of sexual exploitation and abuse go immediately to IOM PSEA channels. They never wait in the normal complaints loop.	SOP §7.2, §7.3; AG 8.3; IN/234
R5	**Only assessed households.** Items go only to the households identified in the assessment. No sale, no diversion, no gifts to others.	AG Art. 3; SOP §4.2.3, §4.10
R6	**No names added to the list.** No name is added to the beneficiary list without IOM written consent.	AG Art. 3
R7	**Distribute directly.** You distribute yourself, in the target area, without an intermediary.	SOP §4.2.1
R8	**Protect people's data and images.** Beneficiary data is shared only on a need-to-know basis. Photos of people only with signed consent.	AG Art. 3; SOP §4.6, §7.2; A6; A7

1 Get on the Pipeline — Your office · Eligibility and onboarding

Your organisation wants to join the Core Pipeline. Gather the right documents, take the file to the cluster, then sign up with the IOM CP team.

Walkthrough

1. Tap the ground to walk (arrow keys or WASD on a laptop). Tap a glowing document to walk to it and pick it up.
2. Pick up the 6 right documents and leave the wrong ones: a wrong pick costs a life, and one is a critical rule.
3. Majok stops you with a shortcut after your 2nd and 4th right document: answer it.
4. Walk to the **Cluster desk** with the full file. The cluster validates it in 3 to 5 working days (the calendar runs by itself).
5. Walk to the **IOM CP desk** and answer the 3 sign-up questions.

Critical rules in play: R1 Distribution is free · R2 No request before onboarding · R7 Distribute directly

Answers

Collect the partner file

Pick up (all of them)

- Current registration documents
- DDA form, completed
- Proof of cluster membership: meetings and 5W reports
- Project plan: response or preparedness
- Budget for transport and insurance
- All distribution reports submitted

Leave on the ground

- Registration certificate (expired)
- DDA validated 30 months ago
- Letter: another NGO will distribute for us R7
- Report list: one distribution report overdue

Then take the file to the **Cluster desk first**, then to the **IOM CP desk**. SOP §4.2.2

At the IOM CP desk

S-01	Here is the CP distribution agreement. What does signing it give you?	**The right to request. Each release still depends on cluster endorsement and stock.** SOP §4.2.2, §8 (A); A1 Step 1
S-02	Who will be your Requester?	**One focal point, for requests, reporting and liaison with IOM.** SOP §4.2.2
S-03	Orientation day. What will it cover?	**The SOP, reporting, data protection, PSEA, GBV risk mitigation and the non-fee model.** SOP §4.2.2

Majok's shortcuts (2 per run)

E-11	"Let's send a request today and sign the agreement later."	**No. No request before onboarding is complete.** SOP §4.2; A1 Step 1
E-12	"River Aid can request and distribute for us up north. Easy!"	**No. We distribute directly, without an intermediary.** SOP §4.2.1
E-13	"Should we pay a small fee to speed up the validation?"	**No. All Core Pipeline activity is non-fee.** SOP §1 (Modality)

2 Needs Check Village · Needs assessment

An alert reports families arriving in a village. Assess the needs: visit households, ask consent, and count households, not people.

Walkthrough

1. Tap a house with a **purple bubble**: you walk to its door.
2. Choose **ask consent** first, every time. Writing names first costs a life.
3. Then pick what to record: count the household, count it and note the vulnerability, skip it (already assisted), or record nothing (consent refused).
4. After 5 households, walk to Nyakuoth and answer the cluster's questions, plus one for your track.

Critical rules in play: R5 Only assessed households · R8 Protect people's data and images

Answers

Each household (5 per run)

First, always: **Introduce yourself and ask consent.** AG Art. 3; A6 (principles 1 and 4) Then choose by what you hear:

count	A family of nine arrived last week. They sleep under a tree. A family displaced by floods two weeks ago lost all their belongings. A young couple with a baby arrived three days ago.	Count 1 household SOP §2.1, §4.4
priority	An older man lives alone. He walks with a stick. A mother heads this household alone, with five children. A girl cares for her three younger brothers. No adult lives here. A family whose father uses a wheelchair.	Count 1 household and note the vulnerability SOP §4.3 (Table 10); §4.6
assisted	This family got the same kits from another partner last month. It shows in the 5W. Another partner registered this family for the same items last week.	Skip: already assisted (checked in the 5W) SOP §4.3; A1 Step 2
refuse	A woman says she does not want to give her name or any details.	Respect it: record nothing personal never: Write her details anyway (R8) A6 (principle 4); AG Art. 3

Report to the cluster (2 per run, plus your track's question)

E-21	"We assessed this village four months ago. Just reuse that report!"	No. An assessment is valid for 3 months. SOP §4.3

E-22	"Report people, not households. More kits for us!"	**No. Kits are per household, and quantities are checked against the caseload.** SOP §2.1, §4.4
E-23	"Put my relatives from town on your list too."	**Only households assessed here, validated by the cluster.** AG Art. 3; SOP §4.3
E-24	Who validates your assessment?	**The cluster, cross-checking it with the 5W.** SOP §4.3
E-25	How soon after the alert should the assessment happen?	**Within 1 to 5 days.** SOP §4.3; §4 (Figure 3)
E-26	SNFI Bamboo and wooden poles are easy to find here. What does that change?	**The emergency shelter kit comes without bamboo and poles here.** SOP §2.1 (Table 2), §4.10; A5 §7
E-27	WASH What must go with your WASH request?	**The assessment (less than 3 months old) and a project document.** WS §1, §2

3 Request Builder — Cluster office · Request and endorsement

Your assessment is validated. Build the request like a puzzle, send it, and follow it through the review.

Walkthrough

1. Read the request card in the bottom panel: place, households, kit, date of assessment.
2. Tap a piece in the tray, then its slot on the form board. Fill all 6 slots with the right pieces.
3. Tap the hub on the map that covers the site.
4. Tap **Send**. Watch the request pass the 3 review gates and answer the calls on the way.

Answers

Build the request: the right piece for each slot

Form	SNFI SNFI Pipeline Request Form, current version SOP §4.4; WS §2
Form	WASH CPR Form 2026, a new copy SOP §4.4; WS §2
Items and quantity	The kit: the number of households, one per household SOP §2.1, §4.4
Attachment	SNFI Assessment, recent, validated by the cluster SOP §4.3, §4.4; WS §1
Attachment	WASH Assessment (recent) and project document SOP §4.3, §4.4; WS §1
Reports	No overdue distribution report for this state SOP §4.2.1, §4.4
File	SNFI Excel file SOP §4.4; WS §2
File	WASH Excel, named SS_WC_CorePipeline_Org_Day_Month_Year SOP §4.4; WS §2
Send to	Email: cluster pipeline mailbox, CP team in copy SOP §4.4

Pick the hub that covers the site

Bor	Jonglei
Bentiu	Unity
Malakal	Upper Nile
Renk	Renk returns and the Sudan crisis
Wau	Western Bahr el Ghazal not on WASH
Abyei	Abyei: returns, Sudan crisis, outbreaks
Juba	Main hub: consolidation and dispatch

Request cards: Bor South, Jonglei → **Bor** · Rubkona, Unity → **Bentiu** · Malakal, Upper Nile → **Malakal** · Jur River, Western Bahr el Ghazal → **Wau** · Abyei town → **Abyei** · Renk, Upper Nile (returnees) → **Renk**. SOP §2.2 (Table 3)

Then tap **Send**. The review: CP completeness check (24 hours), State focal point review (48 hours), Cluster national approval (24 hours). SOP §4.4

During the review (2 per run)

E-31	Completeness check: one line has the wrong item code.	Fix it and reply in the same email chain, quoting the request reference. SOP §4.4

E-32	"48 hours and the state focal point hasn't answered. Let's go and collect!"	**No. Without feedback in 48 hours, the review passes to national level.** SOP §4.4; A1 Step 1
E-33	Another donor already funds your organisation to buy some of these items.	**Disclose it in the request. Allocation takes it into account.** SOP §4.4
E-34	After endorsement, more households arrive at the site.	**Justify the change in writing to the cluster, CP team in copy, within 24 hours and before activities start.** SOP §4.4
E-35	Your request is approved. What happens next?	**The CP team confirms availability within 72 hours, then I book the collection.** SOP §4.5, §4.5.1

4 Warehouse Pickup IOM hub · Collection

Your request is endorsed and the stock is confirmed. Book the collection, drive in, check the load, and sign for it.

Walkthrough

1. Tap a day on the calendar to book the collection.
2. Tap **Drive in** (or the loading bay). Answer the call at the bay.
3. Tap each torn or wet carton, then **Done checking**. Tapping a good carton does not cost a life.
4. Tap the item that does not belong in the kit.
5. Choose the document to sign: your truck turns your colour.

Critical rules in play: R5 Only assessed households

Answers

- **Book:** any day from **Day 1 to Day 15**. Not today (24 hours' notice), not after Day 15 (the hold ends). SOP §4.5.1
- **Drive in** to the loading bay.
- **Check the cartons:** tap the 3 torn or wet (darker) cartons, then **Done checking**. SOP §4.5.1; §7.2 (Quality)
- **Check the kit:** tap the item that is not in it. SNFI 1 bucket with tap, 1 filter cloth, 290 water purification tablets, 2 bars of soap WASH 2 blankets, 1 kitchen set, 1 solar lamp, 2 plastic sheets 4×6m SOP §2.1 (Table 2); §7.2 (Quality)
- **Sign:** The issuance form: signed by both of us, stamped and dated. I keep a copy. SOP §4.5.1, §4.5.2 (Table 11)

Calls at the warehouse (2 per run)

E-41	"We're late! Skip the checks and just sign."	**No. Check quantity and condition first, then sign.** SOP §4.5.1
E-42	"Load a few extra kits. Nobody will notice."	**No. Only the approved quantity, for the assessed households.** AG Art. 3; SOP §4.2.3
E-43	Who takes the kits from here to your site?	**We do. Transport from the warehouse is ours, funded by our donors.** SOP §4.5.3, §4.2.1
E-44	"Insurance? IOM insures the kits until we hand them out, right?"	**No. We insure the items from collection until distribution.** SOP §4.6.2, §4.2.1
E-45	Your truck is small. Take half now and the rest next month?	**No. We collect everything within the 15-day hold.** SOP §4.5.1, §4.10

5 Road to the Site River road · Transport and loss reporting

The kits are yours now. Drive them safely to the distribution site. Steer around mud and rocks, and make the right call when trouble comes.

Walkthrough

1. Answer the first stop before you move.
2. Change lane early to dodge mud and rocks: swipe, tap the left or right side of the screen, use the arrows on screen or the arrow keys.
3. Answer the calls that stop the truck on the way.
4. Reach the distribution site at 100%. There is no way to fail the drive: hits only slow you down.

Critical rules in play: R3 Report loss within 24 hours · R5 Only assessed households

Answers

Swipe, tap a side or use the arrows to change lane early and dodge **mud and rocks** (+20 each). Hitting one only slows you down.

First stop, always

E-51	Before you leave: who clears the movement and the distribution?	The RRC (Relief and Rehabilitation Commission), at state and county level. SOP §3.1 (Table 4)

On the road (3 per run)

E-52	The road ahead is cut by water. Can anyone help move the kits by river?	Ask the Logistics Cluster: it supports partners' last-mile transport. SOP §3.1, §4.5.3
E-53	A trader offers good cash for ten kits.	No sale, ever. The kits go to the assessed households. AG Art. 3; SOP §4.2.3
E-54	At a checkpoint, a man wants a few kits to let you pass.	Refuse. Kits go only to the assessed households. AG Art. 3; SOP §4.6.2
E-55	At night, thieves take kits from the truck.	Report it to the CP team and the cluster within 24 hours, on the Loss and Damage form, with a police report. SOP §4.6.2
E-56	Heavy rain soaks some cartons. Some items are ruined.	Report the damage within 24 hours on the Loss and Damage form. SOP §4.6.2
E-57	Fighting closes the road to the site. Distribute in the next village instead?	Only with a written justification, agreed with the cluster first, CP team informed. SOP §4.6.1
E-58	"Let's keep some kits in our store for the next project."	No. Released kits cannot be kept or repurposed without written agreement. SOP §4.10
E-59	"Let's rest a week before we distribute."	No. We distribute within 1 to 5 days of collection. SOP §4.6

6 Distribution Day

Distribution site · Distribution standards

Today your team hands out the kits. Tell the community what to expect, build a safe site, then keep people moving fairly.

Walkthrough

1. **Announce:** tap the 7 right messages to load the megaphone. It broadcasts by itself when it is full.
2. **Build:** tap a station card, then a glowing plot. Path stations go on the numbered plots in order; the others on the side plots (+). Leave the decoy cards in the tray.
3. **Rush (25 seconds):** tap a person's bubble, then the station they need. Be quick: people leave when their ring runs out.
4. Answer the calls that pause the rush. The last call comes near the end.

Critical rules in play: R1 Distribution is free · R4 PSEA: report immediately · R5 Only assessed households · R6 No names added to the list · R7 Distribute directly · R8 Protect people's data and images

Answers

1. Announce

Load these

- Who can receive (the targeting criteria)
- What is in the kit
- Date and place of the distribution
- What to bring on the day
- How to complain or give feedback
- The aid is free
- Special outreach to older people, people with disabilities, and women- and child-headed households

Never

- Bring a small fee for the porters R1
- Only names the chief chooses will be served
- Everyone will be photographed for the donor

2. Build the site

Path, in order: 1. Entry point → 2. Registration and ID check → 3. Shaded waiting area → 4. Distribution point → 5. Exit point. **Also place:** Complaints desk, Water and first aid, Door-to-door team, Visibility banner. SOP §4.6, Table 12 (Team and site)

Leave out: Fee table R1, Chief's fast lane (no ID check), Photo corner for everyone, Spare kit sales stall R5, One gate for in and out.

3. The rush: tap the person, then the station

ID card	Arriving to collect	Registration and ID check SOP §4.6 (Verification)
Speech	A question or complaint	Complaints desk SOP §4.6 (Complaints desk)
Drop	Feels faint in the heat	Water and first aid SOP §4.6, Table 12
No entry	Not on the list	Complaints desk, never the distribution point SOP §7.3; AG Art. 3

Pink house	A family on the list cannot reach the site	Door-to-door team SOP §4.6, Table 12

Calls during the day

E-01	"My cousin's family missed registration. Just add them to the list, it's one family."	No. No name is added without IOM written consent. AG Art. 3
E-02	"The porters want a small contribution from each family. Just a little?"	No. Distribution is free: no fee or contribution from anyone. SOP §1, §7.2; AG Art. 5
E-03	"Quick, snap the whole queue for the donor report!"	Only people who sign the consent form, and respect what they choose. SOP §4.6 (Visibility); A7
E-04	A mother agrees to a photo of her family. Her young daughter says no.	No photo of the girl. A7 (consent note)
E-05	At the complaints desk: "A volunteer said I must meet him tonight to get my kit."	Report it immediately and confidentially through IOM PSEA channels. SOP §7.2, §7.3; IN/234
E-06	A rumour: a driver offers extra kits to girls in the queue "for favours".	Report it immediately through IOM PSEA channels. SOP §7.2; IN/234; AG 8.3
E-07	"These are my relatives from the next village. Give them kits, you have extra."	Items go only to assessed households. Record the request at the complaints desk. AG Art. 3; SOP §4.10
E-08	Registration shows the same ID twice, on two different households.	Serve once. Report it to the CP team and the cluster today. SOP §4.6 (Verification)
E-09	"Old Garang cannot walk here. His family is on the list."	Send the door-to-door team to him. SOP §4.6, Table 12
E-10	"We have waited so long in the sun!"	Fix it today: move people to the shade and speed up the line. SOP §7.3
E-11	**SNFI:** The women's group asks how to put up the plastic sheet. **WASH:** The women's group asks how to use the filter cloth and the water purification tablets.	Run a demonstration and record attendance by sex, age and disability. SOP §4.7; A1 Step 4
E-12	"A trader wants the beneficiary list with phone numbers. He says he can help."	No. Beneficiary data is shared only on a need-to-know basis. AG Art. 3; A6
E-13	"Where is IOM? We can't start without them."	IOM is not at distributions. After handover, it is our responsibility. SOP §4.6 (Registration), §4.5.1
E-14	"Today's team: only men, and nobody trained in PSEA. Let's go?"	No: a mixed-gender team trained in PSEA and GBV, with a named team leader. SOP §4.6, Table 12
E-15	Another NGO offers to distribute half of your kits in the next village.	No. We distribute directly, without an intermediary. SOP §4.2.1

E-16	Some kits are left over. "Let's keep them in our store for the next project."	**Tell the CP team and the cluster in writing. They decide.** SOP §4.10; AG Art. 2

7 Report Back — Your office · Reporting, PDM and compliance

The distribution is done. Report on time for your track, update the 5W, welcome monitoring, then lead one last emergency.

Walkthrough

1. Tap **Start the clock**. The calendar runs to your track's deadline.
2. Tap every right piece into the report before the clock runs out. The report sends itself when it is complete. A late report costs a life.
3. The phone rings during the race and after it: answer the calls.
4. Tap **Lead it** and answer every step of the final emergency. Every critical rule is in play.

Critical rules in play: R1 Distribution is free · R2 No request before onboarding · R3 Report loss within 24 hours · R4 PSEA: report immediately · R5 Only assessed households · R6 No names added to the list · R7 Distribute directly · R8 Protect people's data and images

Answers

1. The report, before the deadline (SNFI 15 days, WASH one month)

Add all of these

- Signed beneficiary list
- Items distributed, by location
- Results and difficulties
- Any loss or damage
- Photos, with signed consent
- Training on item use: attendance by sex, age and disability

Never add

- Estimated numbers, no list
- Photos taken without consent
- Names added after the distribution R6
- Beneficiary phone list for a trader R8

2. The calls

K-01	IOM asks for the beneficiary data. How do you send it?	**An encrypted, password-protected Excel file by email; the password by another channel.** AG Art. 3; A6
K-02	The month ends. What about the 5W?	**Update it by month end, CP team in copy.** SOP §4.7; A1 Step 4
K-03	The CP team arrives for a monitoring visit, without notice.	**Welcome them and share our records.** AG Art. 5; WS §5; SOP §7
K-04	How long do you keep the distribution records?	**Seven years after the agreement ends.** AG Art. 5; SOP §7
K-05	A partner keeps missing its reports. What happens?	**A reminder, then a hold on new requests for that state, then suspension.** SOP §4.2.3
K-06	A suspended partner wants to come back. What is needed?	**Meet the obligation, agree a corrective action plan, get written confirmation from the CP Manager.** SOP §4.2.3
K-07	SNFI Who does post-distribution monitoring (PDM)?	**We monitor our whole distribution; the CP team also checks a sample, on the items.** SOP §4.8

K-08	WASH When is your WASH PDM due?	Within 2 months of the distribution, to the WASH Cluster and the CP team, quoting the CPR reference. WS §5; SOP §4.8

3. The final emergency (one per run)

Floods near Bor

	Floods displace families near Bor. Your organisation is onboarded. What comes first?	Assess the needs within 1 to 5 days, with the cluster. SOP §4.3
(if wrong)	The warehouse turns you away: no endorsed request. What now?	Assess, then request through the cluster. SOP §4.4, §4.5
	You request kits for the flooded area. Which hub?	Bor: it covers Jonglei. SOP §2.2 (Table 3)
	On the boat, water ruins some kits.	Report within 24 hours on the Loss and Damage form. SOP §4.6.2
	At the site, a woman says a staff member asked for sex in exchange for her kit.	Report it immediately through IOM PSEA channels. SOP §7.2, §7.3; IN/234
	The distribution is done. When is your report due?	**SNFI:** Within 15 days, on the SNFI distribution report (Annex 2). **WASH:** Within one month, on the WASH distribution and utilisation report (Annex 3). AG Art. 6; SOP §4.7

Returns in Renk

	Returnees arrive in Renk. "River Aid can request and distribute for us!"	No. We request and distribute ourselves. SOP §4.2.1
	Your assessment of the area is 4 months old.	Do a new one: an assessment is valid for 3 months. SOP §4.3
(if wrong)	The CP team returns your request: the assessment has expired. What now?	Do a new assessment and resend, quoting the reference. SOP §4.4
	The state focal point has not answered for 48 hours.	The review passes to national level. We wait for approval. SOP §4.4
	"Ask each family for a small fee for transport."	No. The distribution is free. SOP §1, §7.2
	"Three late families: add them to the signed list."	Not without IOM written consent. AG Art. 3

A rush week

At collection, someone hands you a waybill to sign.	Releases to partners use the issuance form. SOP §4.5.2
A trader offers cash for "spare" kits.	No sale: the kits go to assessed households. AG Art. 3; SOP §4.2.3

A photographer wants pictures of children for the donor.	**Only with signed consent. If a child says no, no photo.** SOP §4.6; A7
The road to the site is blocked. Move the distribution?	**Justify it in writing, agree with the cluster first, inform the CP team.** SOP §4.6.1
Your report is overdue and a reminder arrives.	**Send it now: otherwise new requests for the state go on hold.** SOP §4.2.3

How to pass the whole game

There is no pass or fail mark. You have finished when **all 7 missions are complete**: the map shows a tick on each stop, and the completion card unlocks.

1. **Never break a critical rule.** When a choice offers a shortcut (a fee, a favour, skipping a check, sharing data, adding names), it is a trap.
2. **Follow the order of the process:** cluster before IOM, consent before data, check before you sign, report before the deadline.
3. **Take your time** on the timed parts, or turn on **Relaxed pace**. Only Missions 5, 6 and 7 have a clock.
4. **Read the feedback.** Every wrong move tells you why, with its source. The same questions come back in other runs.
5. **For 3 stars**, get at least 92% of the moves right in a mission. Replay any mission to raise your stars: the best run counts.
6. **Get your card:** on the map, tap **My report**, then **Completion card**. Print it or save it as PDF, and send the CSV to the CP team.

The completion card is a training record, not a certification.
